C. I. and B. Railroad Withdraws Notice of Immediate Advance.

DELAYED TILL AUG. 27.

Public Service Commission Exacts Legal Period to Pass Upon Proposal.

Without any representation by the Coney Island and Brooklyn Railroad a second hearing in the proposed raise to was given to-day by the Public Service Commission. As a result of an explanation by O. C. Semple, assistant counsel to the commission, Commissioner Mc-Carroll adjourned the hearing subject

Mr. Semple stated that the company woold some time to-day file two schedules of passenger tariffs, one of which will in effect announce the advance of the week-day Coney Island fares to ten cents thirty days hence, on Aug. 27. At the heaving last Friday Attorney

Dyckman, of the company, announced that he had advised his clients that they were not affected by the provis-ions of the Public Service Commission's law which made the filing of a passenger tariff schedule obligatory. "Since the last hearing," explained roll to-day, "the company has withdrawn its notice of the immediate advance in fares, and has coupled that withdrawal with the further proposal to file to-day a schedule of passenger

to file to-day a schedule of passenger tarfiff rates now existing.

"At a previous hearing the Commission asked the ratiood for a list of the income and expenditures and the methods it in d in arriving at the figures which showed that during the first fitteen working days of July it operated at a five-cent fare with a loss. Some of those figures are in hand. Others are to be submitted to-day. I wish to examine those figures. Possibly at a later day I should like to examine the officials of the company."

After the new schedule goes into effect the Public Service Commission may decide that the rates are "unjust, unreasonable, unjustly discriminatory or unduly preferential, or in any wise a violation of law, and may enforce a rate it deems reasonable and just.

Famous Political Organization Will Enjoy Great Outing Tc-Morrow.

When you see a fleet of pleasure steamers and barges reaching from Hell Ga e to the Battery to-morrow you will realize that the Wyandottes are on their annual bat-or should it be called outing? Johnny Coggey, who gives vacations to 56,000 persons yearly in his great watering resort on the Isle de Blackwell and boards free 11,000 more in tiers in his famous Hotel de Tombs, in Centre street, will be the host of the Wyandottes. 'The guests will be on a different footing to-morrow from those he usually entertains. For instance, the bracelets and other jewelry sometimes worn in Commissioner Coggey's resorts will be missing. Instead of them there will be Harry Lauder socks and Merry Widow lids to beat the band.

Tom Cummins, the plumber, and Pat Conway, the "High Harp" of the Irish-American Athletic Club, will be on the job with a new issue of greenbacks in honor of the fact that Coggey is one of the board of directors in that worldbeating organization known as the Laur Lauder Aboos or Winged Fisters. P. S .- The outing will be at Witzel's, on College Point. It will start at 9 A M., but it will require the services of Prof. Meyer, the astrologist, to tell when the fleet will get back to New

MAURETANIA'S RECORD.

QUEENSTOWN, July 28.-The Cunard iner Mauretania arrived here at 11.23 has night. She made a record run of 555 knots for the twenty-four hours ending at noon on July 25. Her best previous daily run on an eastward voyage was 579 knots.

# The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed conterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

# **Letters from Prominent Druggists** addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fietcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell "The Kind You Have Always Bought,' the original."

The Voegeli Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Capdau, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."
